

PROTECTION PACK

TrueVIS AP-640

The Roland DG Care Protection Pack includes **technical support and additional services** and is included when you purchase a Roland product. It combines a preventative maintenance visit in the sixth month following the installation of your device and a guarantee on your print heads.

The Protection Pack gives you **access to the various Extended Warranties** provided by Roland DG Care.

It also includes an **advanced training course, focused on getting the best out of your device**, which is delivered by the Roland DG Academy*. Taking place at one of Roland DG's offices, the training lasts one day and is led by one of our product specialists.

PRICE	SERVICE INCLUDED	
€ 734	✓ Guarantee on the print heads	✓ Access to the Roland DG Academy
	✓ 1 preventative maintenance visit	✓ Access to various Extended Warranty packages

*The advanced training is limited to one person per machine.
