

Dear Valued Customer.

Subject: REACH statement for Roland DG products.

REACH ("Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH)") is a European Union (EU) chemicals regulation that entered into force on 1st June 2007.

Roland DG Corporation would like to inform you that our upstream supply chain has pre-registered substances as required by REACH regulation – this was completed 1st December 2008. Furthermore, full registration will be completed by the due date as required by REACH regulation.

We will provide you with information on the substance(s) listed on the candidate list of substances of very high concern (SVHC) if those are present within our products in concentrations over 0.1% weight by weight (w/w).

We will meet the requirements of REACH regulation and is committed to providing you with information about the chemicals in our products to comply with REACH regulation if necessary.

The SVHC's were studied from candidate list published by the European Chemicals Agency (ECHA) as of 17 January 2023 there are 233 substances, as listed in the following URL.

[Candidate List of substances of very high concern for Authorisation - ECHA \(europa.eu\)](https://echa.europa.eu/candidate-list-table)

Kind Regards

Date: 13 June, 2023
